

Job Description

Job title: Digital Marketing Executive
Location: H-141, Sector 63, Noida, U.P., 201301
Terms: Full Time
Salary : 15k-18k/month

About us: Copious Infotech is a rapidly growing software and information technology consulting company that provides innovative software solutions to business clients in India. Founded by professionals with a vision to deliver cutting-edge consulting services and the latest in software technology, Copious Infotech is dedicated to supporting the business community both nationwide and beyond. The founders have established professional ties with several leading companies, which enhances their ability to offer top-tier services.

About the role: As a Social Media Executive / Digital Marketing Executive, you'll be immersed in the creation and execution of our online presence. This includes tasks like:

- Developing engaging content for various social media platforms.
- Implementing digital marketing strategies to increase brand awareness and engagement.
- Monitoring and analysing social media performance and campaign results.

Responsibilities:

- Create compelling and platform-specific content (text, images, videos) for social media channels.
- Assist in the planning and execution of social media campaigns and digital marketing initiatives.
- Track and report on key social media metrics and provide insights for optimization.

Qualifications:

- Pursuing a degree in Marketing, Communications, Business, or a related field.
- Strong understanding of social media platforms (e.g., Instagram, Facebook, Twitter, LinkedIn, YouTube, etc.).
- Excellent written and verbal communication skills.
